### The Great St. Louis Fair.

Mr. W. M. Lowry, of this city, of the enterprising firm of W. M. & R. J. Lowry, has been appointed one of the judges to award the premiums offered on cotton at the great St. Louis Fair, to commence the 4th of October.

The premiums offered are: For the best bale of upland cotton, or short staple, $500; for the best bale of New Orleans cotton, or long staple, $500.

The rules are as follows: Each bale must weigh 400 pounds at least; be of the growth of 1869; be delivered before October 2d; entries must be made in the name of the producer; exhibitors should give notice to G. O. Kalb, St. Louis; Sea Island and Peeler cotton excluded.

In Columbus, C. G. Holmes, and in Augusta, Richard Morris, are suggested as Judges.

The Memphis and St. Louis Packet company, will transport the cotton free, and parties for half fare.

### The Turner Case.

The Macon papers of Wednesday, tell us that the Turner case was re-opened Tuesday morning, on motion of Turner's counsel.

Emily Pope, colored, swore Turner was her agent; she had put in his hands $400, first in February, and then a few days after a $100 bill her husband had given her two years ago. Turner told her that Nutting's Bank did not like the bill, but others said it was good. R. Hutchins, of Jones, loaned her the $400. Turner kept the $100 and has paid her $60 of it.

Marion Harris, colored, swore: She had known Turner three years, he had never given her money. She gave Turner a $50 to buy her ticket—he did so and gave her the change—she had not told Purcell, the detective that Turner had given her money, she did not tell Mr. Neil she had got the money from a Washington minister; she told Murphy she found the money in the street, because she did not know what else to tell; she never mentioned Turner's name to Murphy; she wished she could tell what Purcell done to her; she got the bad money from Shuman, of Sherman—$1,560 in all—at Turner's house in Philadelphia; and she was to give him $60 for every $100; it was her own business whether she was intimate with Shuman.

Charles Cowlan, detective, swore he was told by J. C. Reddington, Chief of Secret Service, to look into the matter; he had arrested Marian Harris; he confirmed her account of Shuman giving her the money, who he said was a colored messenger in the U. S. Treasury Department, and is now under bonds for stealing these notes.

George B. Chamberlain, swore Marian Harris confessed without coercion.

E. B. Purcell swore that Marian Harris told him Turner had given her the money.

Capt. C. C. Neil swore, he was a secret service officer in the United States Treasury Department, that the stolen money was taken, unsigned, from the Treasury Department, two years ago; that Marian told him she met Turner at a bad house in Philadelphia; that she made two statements about the money; one that she got it in Washington, and the other that she got it in Philadelphia; her statement was made before her re-arrest.

T. C Murphy—swore the stolen bills and Marian's bills agreed; that she told him she got the money from Wyman or Wayman; did not search her.

Counsel argued, and the Commissioner reserved his decision till morning.

The opinion is he will be bound over.

Marion Harris is a bright mulatto, rather above the medium height, and sailed into the Court room yesterday in a sky-blue dress, rather tastefully trimmed; a jaunty little pic-nic hat set off in blue; large jet ear-bobs, and shoes tipped with morocco. She is up to style, and about thirty-five years of age. If she really didn't fill Turner's eye, it was not her fault.—*Telegraph.*

### OUR NEW YORK LETTER.

**Traveling Comfort--Scenery--Crops —Virginia—Reconstruction—New York—Erie Horror—Bank Robbery.**

ST. NICHOLAS HOTEL,
NEW YORK, FRIDAY, July 16, 1869.

*Editor Constitution:* Whoever has the courage in these torrid days to take the trip from the Gate City by any one of the "twenty-eight routes to New York," will be ready to aver that he made a most unfortunate selection, for comfort under any circumstances, will only prove an imaginary quality. The East Tennessee route, however, has this redeeming feature—that you will encounter one night at least, between Dalton and Lynchburg, of delicious coolness. Moreover, the eye is continually feasted upon visions of plenty, countless fields of golden grain already harvested, and corn and clover yields in such luxurious abundance, as to banish all apprehension of want. With reasonable rains for the next month or two, the crops of 1869 will far exceed any grown since the war. The yield of wheat has been especially fine. One farm was pointed out near Salem, Va., on which 500 acres was harvested, and it was estimated that the yield would be twenty-five bushels per acre. Your commercial editor can easily estimate the profitableness of such a crop. It needs no prophet's ken to foresee that Virginia will soon become one of the finest States in the Union in agricultural, mineral and manufacturing wealth.

The result of the recent election is hailed with the liveliest satisfaction, and the subject is discussed, both in that State and in this city as foreshadowing the result in Tennessee, Mississippi and Texas, and as consequently settling the political status of the whole country, and producing that quiet which alone is needed to open the doors of immigration and equalize capital and labor throughout the whole country.

New York wears her summer features now; at least one-tenth of her population has gone to Saratoga, Newport, Long Branch and the thousand other places of resort accessible to the metropolis. The jam on Broadway is sensibly less; the crowds at the hotels are not at all uncomfortable, and we perceive the churches present a beggarly array of empty pews on the Sabbath. Yet the great city is flourishing. The work of demolition and rebuilding is seen on every hand, and soon the architectural splendors of the great city will vie with any in the world.

Another roasting of human victims on the Erie Railroad, suggests the question whether such are peculiar to *that* road, or whether they *must* occur at all.

The Ocean Bank robbery, is still the mystery of the day, though the detectives are hard at work.

In haste, yours, P.

### Georgia News.

NOTICE TO THE BIBLE SOCIETY.—At the trial of Turner, when the witnesses came to be sworn, it was found there was no Bible in or about the premises. The U. S. Deputy Marshal, after diligent search, found a copy of the Sacred Writings *printed in High Dutch,* and upon it the witnesses were sworn.—*Macon Journal.*

Our corn is dried up to where the ear ought to be. All the rain that can possibly fall, can't make more than a fourth of a corn crop. Cotton has not grown any in fifteen days.—*Jones County Correspondence Macon Telegraph.*

Our very clever and sprightly contemporary, the Forsyth Advertiser, makes some unkindly reflections because the Agent of THE CONSTITUTION took some cards to print in Forsyth, at $5 per thousand, which job the Advertiser would have gotten otherwise.

Our neighbor is hasty and unjust. This has been, and is the standing price of THE CONSTITUTION Job Office, for this work, and allows a fair profit. The party who ordered the cards, also gave us a good advertisement.

The provincial papers have no better friend or well-wisher than THE CONSTITUTION. We rely upon them for our daily interesting column of State news, and we never omit a chance of aiding them all in our power. If our job prices happen to take a little work from them, it is the natural phase of business, and no effort or desire of ours to hurt them. They sometimes take valuable advertisements from our city press. To quarrel about it, we should certainly consider unbusiness-like and unprofessional.

In towns it often happens that high local prices drive trade away to cities where competition inexorably reduces prices. To state regular fares when asked, and to take business when given, is in no sense of the word unprofessional. And because one man can work lower than another, his doing so is neither unfair nor unprofessional.

Our neighbor is assured of our kindly feeling.

CROPS IN BUTTS.—Generally speaking prospects are bright for more than average crops of corn and cotton.—*Forsyth Advertiser.*

Two of the oldest persons in Upson county, or in the State, perhaps, died recently. Mr. John Shattles died on the 16th of May, aged 103 years; and his wife, Mrs. Barbara Shattles, died on the 16th of June, aged 107 years. A remarkable record of years.—*Forsyth Advertiser.*

The little son of Mr. John Fincher, of Thomaston, Upson county, is affected very strangely. He is able to respire only about four times in one minute; otherwise, he is apparently sound and cheerful, and is able to walk about the streets. He is about twelve years old, and his breathing has been affected about three months. His case is a puzzle to all the medical profession who have examined him.—*Ibid.*

Peaches are not as plentiful as is usually the case at this season of the year. They are somewhat backward.—*Ibid.*

The condition of the corn crop is anything but favorable. Cotton is not affected, as yet, by the dry weather, and continues to look well.—*Ibid.*

REAL ESTATE.—A large business is now going on in real estate in Griffin and the surrounding country.—*Griffin Star.*

Our cotton, peas, potatoes, and gardens are fine. The freedmen are doing well, and everything quiet. Take it all and all, we are the happiest people upon earth! A pocket full of money, owe no man, and have no "danged" poor kin.—*Pike County Cor. Griffin Star.*

Some parties in Macon are going to organize a Georgia Fertilizing Company, with a cash capital of $200,000. The surveyors of the railroad from Albany to Newton returned. They found the route practicable; the cost will be $13,000 per mile. Mr. Weldon, an old Macon citizen, died suddenly of congestion of the brain—*Macon Telegraph.*

I never saw crops look finer, nor a better prospect for an abundant yield, than at present.—*Mitchell County Correspondence Macon Telegraph.*

Our cotton has wilted, withered and aborted. Corn is dying in the field. Grass is almost dry enough to burn, and old brindle no longer fills Dinah's cup from the lacteal fountain.—*Laurens County Correspondence Macon Telegraph.*

I am happy to say that the crops in this county are doing remarkably well. Cotton averages from knee to waist high, and full of blossoms and bolls. Corn and peas are doing well, but very little planted; this is a great misfortune throughout the Southern country.—*Houston County Correspondence Macon Journal.*

An Augusta broker, Mr. John Craig, had $5,000 stolen from him.—*Augusta Constitutionalist.*

A Mr. Holland has had cotton destroyed by lightning.—*Columbus Enquirer.*

The Savannah and Skidaway Railroad is completed to the Isle of Hope.—*Savannah News.*

The News publishes certificates from the Chicago and Brooklyn authorities to the superior excellence of the Nicolson Pavement over all others.

The Savannah magistrates have determined that to get a warrant a prosecutor must advance $5; that for a bond for defendant he must be advanced $5; that in all cases good security shall be given, or the party be committed to jail for trial. *Savannah Republican.*

Kites are all the rage in Columbus among the small fry.—*Columbus Sun.*

FEMALE ACADEMY.—We have heard it stated that Dr. Lipscomb, President of the University of Georgia, would perhaps take charge of a Female Academy in Columbus next October. Such an institution would have a large number of pupils. Many years of the Doctor's life has been passed in the instructions of females.—*Ibid.*

The Putnam county people are preparing for a Fair.—*Eatonton Press.*

Crops in Warren, Jasper, and Putnam, are suffering for rain.—*Ibid.*

Friend Styles, of the Albany News has attended a barbacue given in Lee county, by Mr. Ely and Mr. Jackson, to their freedmen. His account is very interesting. He saw a melon patch of an acre and a half, with 500 ripe melons, weighing from 30 to 50 pounds, and 2,000 more green ones. Captain Allen had a six acre patch of cotton of the Allen variety, planted April 27, shoulder high, that it is predicted will yield 1,800 pounds of seed cotton. Maj. Jackson had three acres of the Dixon cotton, the rows five feet apart and 10,000 stalks to the acre, five feet high, the fruit as thick as the foliage, and sufficient to yield now 500 pounds to the acre. The Dixon mixture is a better fertilizer than the Schley's preparation, and Schley's better than cotton seed.

Schley county crops need rain. Also Sumter county.—*Americus Courier.*

A negro Government employee, at Fort Pulaski, refused to do some ordered work, and upon remonstrance by the officer, for his disobedience, he defiantly replied, "that he didn't care a damn for Col. Robb, or anybody else; a committee of the Republican party had put him there, and he meant to stay." He was discharged, and making a sale of his revenue uniform to another negro, appointed him to fill his office. The purchaser expects to get his office.—*Savannah Advertiser.*

A man named W. C. Goodwin attacked, suddenly, Mr. C. W. Hancock, the senior editor of the Americus Republican. Mr. Hancock was somewhat battered. The cause was a card, published in the Republican, reflecting on Mr. Goodwin. Goodwin was bound over to answer the charge of assault and battery.—*Americus Republican.*

Crops are suffering in Washington county. A good rain will save the corn, but the yield must, anyhow, be less than it promised a few weeks ago.

Our Rome friends are pushing their Fair vigorously.—*Rome Commercial.*

### Sun-Strokes.

First, as to the causes of sun-strokes and the manner of avoiding them. It matters little how hot the sun shines, provided the air is dry; perspiration will then go on freely, and the rapid evaporation from the surface so thoroughly cools the body that the system scarcely experiences the slightest depression. A person may thus, when the air is dry, endure a temperature that will boil eggs and roast meats.

The weather at a high temperature and the atmosphere nearly saturated with moisture, are conditions most unfavorable to health, especially of the old and feeble, of the very young, and of those who are suffering from exhaustive diseases. The heat powerfully stimulates, while the saturation of the atmosphere prevents free perspiration, (a cooling process,) and the necessary result is great physical depression.

Nature's method of rendering us capable of resisting high degrees of heat is by cooling the body through perspiration. Excessive perspiration, also, creates thirst for cold fluids, and these, taken internally, still further cool the body. It follows that anything which tends to heat the body, or diminish the natural cooling processes, adds to the dangers of excessive heat. *The use of stimulants,* confinement to the impure and stagnant air of tenement-houses and unventilated workshops, such filthiness of the skin as to check the perspiration, places where the laborer is exposed to the concentrated, direct and reflected rays of the sun, are conditions which raise the temperature of the body, and should be avoided.

*To avoid sun-stroke,* old people and invalids should retire to the coolest and best aired rooms in the house; use freely their palm-leaf fans (the best fan ever made;) wear light flannel; drink frequently small quantities of cool, but not cold water, or cold tea, and bathe the head with bay-rum, etc.

Laborers should avoid stimulants, bathe the head, neck and arms often with cold water, drink frequently of cool water, avoid exposure, and, if practicable, work during the middle of the day, and take free ablutions in the evening.

*The Symptoms* of sun-stroke are various. Sometimes they take the form of apoplexy and sometimes that of transient insensibility, but as a usual thing, perspiration ceases, the skin becomes hot, the pulse excited, the eyes red, followed by debility, nausea, pain in the head and stomach, giddiness, and insensibility. Then follows greater dryness, and heat of skin, the heart pulsates powerfully, but the pulse feebly, the respiration is rapid and loud and the pupil of the eye contracts, and in some cases convulsions ensue.

So much for the manner of avoiding and the symptoms; now for

THE METHOD OF TREATMENT.—When the patient falls in an apoplectic fit, and is of full habit, bleeding is usually resorted to. In such cases the attendance of a physician is necessary, and he should be summoned at once, for the stroke is liable to prove fatal. But in ordinary cases, where the disease comes on more gradually, the patient should be removed to a cool place, but transported and disturbed as little as possible. The head and chest should be uncovered, and the cold douche freely used. If the skin becomes cold and clammy, use the douche only to the head and neck, and apply hartshorn carefully to the nostrils. When he arouses, give him water freely, and, if he vomits, it aids his recovery. If he still remains drowsy, a blister applied to the back of the neck, or to the shaven head, is an important remedy. In general, this treatment is all that is required, and much of it may be safely carried out by any one. Its immediate application is necessary to success, and, therefore, the work of restoration should be commenced at once, and no time lost in useless and dangerous delay.—*Hearth and Home.*

# THE DAILY CONSTITUTION

Official Journal of the City.

BY W. A. HEMPHILL & CO.

I. W. AVERY, Editor.

## MORNING EDITION.

THE CONSTITUTION —HAS THE— LARGEST CITY, COUNTY AND STATE CIRCULATION of any paper published at this point.

A STANDING CHALLENGE TO TEST THE MATTER OF CIRCULATION IS UNACCEPTED.

ATLANTA, GEORGIA ::::::::JULY 22.

OUR JOB WORK.—THE CONSTITUTION Job Office, with its new and varied material, its new presses, new type and many kinds of paper and colored inks, is prepared to do work as cheap, as good, as stylish, and as quick as any other office in the South.

We are willing to compare specimens with anybody.

☞ Reading matter on every page.

THOMPSON.—Thompson never forgets the editors these warm times, and of course the editors can not forget Thompson, as having one of the most attractive ice cream saloons in any city.

☞ The Washington correspondent of the Chicago Republican, writes that Secretary Fish is in favor of purchasing Cuba. This confirms the statement made since, that the rigid enforcement of neutrality, and the vigilant interference of the United States authorities with the Cuban expeditions leaving our shores, was a part of this same policy, which it is said Minister Sickles was instructed to carry out.

### Grant.

The Baltimore Gazette says some sharp and, possibly, true things of Grant. It thinks that, with his deficient education and ignorance of statesmanship, he really don't know what to do, and when he one day decides to do one thing, under the plausible logic of one set of men, and the next day, under opposite manipulation by ingenious fellows, reverses his previous decision, he simply presents an example of very uncultured ignorance, honest enough for all purposes, tossed about by influences that shatter his judgment all to pieces, and leave him as helpless and vacillating as a child. His love of power makes him cling greedily to his dizzy elevation. As a tiger can't poke and a bull won't scratch, just so Grant can't be President. He simply don't know how, and has not the capacity to learn.

As a specimen of Grant's curious vacillation, the last report is that he has pledged his support to Stokes in Tennessee, Davis in Texas, and the ultra Radical nominee in Mississippi, thus going clean back upon his previous pledges and his policy, as carried out in Virginia.

FIGHT IN MACON.—After the adjournment of the Court that was trying Turner, yesterday, M. M. Hall, a city policeman, attempted to whip Swayze with a stick, for an article reflecting on Hall. Swayze was badly punished, but he finally turned the tables, and was getting the better of Hall, when they were separated. Hall has been discharged as policeman.

### The French Cable.

This cable will be 3,050 miles long, in two sections, one from Brest to St. Pierre, 2,325 miles, and from St. Pierre to Massachusetts 722 miles. This cable is 1,000 miles longer than its British brother, while its central copper wire weighs 100 more pounds to the mile than the other, which weighs only 300 pounds. This ensures superior conductivity, by which 12 words to the minute instead of 8 can be transmitted. This central wire is covered with Chatterton's compound, over that four layers of gutta-percha, the whole encased in a spiral net of steel wires, each wire surrounded with five strands of Russian hemp, saturated with a preservative compound. The cable is as flexible as a rope.

It will be remembered that Secretary Hoar decided, that the cable could not land on the shores of this country, by the permission of any State authority, but must get the consent of Congress.

It was thought that the French proprietors of the cable were disposed to land anyhow.

Secretary Fish wrote a very polite and diplomatic note, hauling them to taw, and intimating they were running against international breakers.

The last report is, that the wiley Frenchmen have smoothed the matter over, by granting a reciprocity of privilege to any American cable, and a compromise has been fixed up, whereby they are permitted to land at Rouse's Hummock, in the town of Duxbury, Mass.

### Chinese Swearing.

The following method of judicial swearing, the habit of our coming pig-tail laborers, may not be an altogether uninteresting item at this time. Barring its expensiveness and delay, there seems to be no reason why it is not just as good as any other manner. It is a mere physical ordinance anyhow to add a deeper shade of gravity to the oath. Our people kiss a book or hold up the right hand, not that this mummery can strengthen the obligation to tell the truth or to add to the guilt of perjury, but simply to impress the binding character of the oath the more strongly on the swearer. So let us not make jibes and grin at what we do ourselves, only in a little different and more convenient way:

A Chinese trial has been in progress at Silver City, Idaho, and has considerable interest from the novel way of swearing witnesses. The Tidal Wave thus describes the ceremony: A rooster's head is hacked off with a knife, a saucer broken, the oath written on yellow paper, burned, and the smoke, in which is supposed to be the spirit of the burned oath, blown up to heaven in each case. The prosecution and defense each swore five witnesses, killed five chickens, broke five saucers, burned five pieces of paper, etc. After killing the chickens they are thrown away by the Chinamen and considered unfit for use; but having had their throats cut, nicely bled, etc., the American heathen consider them none the worse for having been sworn by, and we confess to having been guilty of the sacrilege of assisting to devour a portion that was really fat, tender and good to our unsanctified palate.

☞ It is said that John Bright will certainly come to America in the Spring.

FRANCE.—While the population of France, has increased in 18 years only 2,410,882, her inland trade has increased $1,065,800,000, or 350 per cent; her exports $1,102,400,000, or 220 per cent; her post-offices 47,141; and Paris population, from 1,053,262 to 1,825,274, or 84 per cent. The present population of France is 38,192,000.

### The Watering Places.

The Northern watering places, are now in all their glory. All of the Springs and Summer resorts, are crowded with the fashionable inundation of city pleasure-seekers. At Saratoga, we find that our Sunny land is not liberally represented. The Herald says:

There are but few Southerners, though a number of the leading politicians of the South are expected to be here soon. They will collect here, probably, about the time of the races, for politics and horseflesh go together very well with these gentlemen. Most of the Southerners prefer going to the city of New York for a change in the summer, for there they can find every amusement and attend to business at the same time; but those who go to places of summer resort in the country, now prefer those of their own section. They are more disposed to save their money or to spend it at home, than before the war; and it will be a long time before the watering places of the North will be crowded by lavish and extravagant Southerners as they used to be.

Ex-General J. Longstreet, Confederate States Army, is at Saratoga.

The following item acquaints us with the fact that Niagara Falls still retains its youthful vigor of movement, to the intense admiration of the astounded and the curious.

Excited Frenchman at Niagara Falls—"Ah! dis is de grand spektakel! Magnifique! By gar, he is come down first rate!"

The bathing fascinations of Newport find graphic mention in the following racy paragraphs. The charms of the water must be potent, indeed, to induce the devotees of fashion to emerge from their butterfly accoutrements and artificial fiddledaddlery into the prosy realities of nature's own mould, sobered down to the grotesque by those peculiarly funny features of the "drowned rat" figure:

In the surf all shades of society are represented, and for a time all social distinctions are washed out. The rich and the poor, gay and grave, cultivated and uncultivated combine to make up the scene. The fairest ladies that yesterday graced the avenue, and that last night, at the Ocean House, danced to the admiration of every spectator, are among them. But what a change!—bare headed, with bare feet, minus hoops, stays, chignons, rats, curls and panniers, and all other aids to feminine beauty, they stand jumping up and down in the water, looking like so many lunatics. Surely nowhere but on the beach, would our belles appear before hundreds of lookers on in such attire. Certainly they do not present a very picturesque appearance, with wet clothes clinging tightly to them, and scanty locks of wet hair dabbling down their shoulders. Really the female head is a study indeed, and as I sit on the beach I can but admire the profusion of golden locks as their owners enter the bathing houses; but strange to tell, they next appear to my view like Sampson of old, shorn of it all. Naughty men have peered within these houses while the fair ones were in the bath, and most wonderful stories have been told of their contents."

### STATE CORRESPONDENCE.

#### Inspector of Blackberries in Ringgold.

RINGGOLD, GA., July 17, 1869.

*Editor Constitution:* An old friend reports his appointment by Governor Bullock, as Inspector of Blackberries. His Excellency's organ contains no official publication of the same. It it is true, Uncle Billy Hardup, of this county, wants to be Deputy. YOU KNOW WHO.

#### The Haffner Trial—A Radical Negro Murdered by a Radical White.

DALTON, GA., July 20, 1869.

*Dear Colonel:* Yesterday was consumed in the argument of the case of the State vs. F. A. Haffner, charged with being accessory, after the fact, of a larceny, on trial before our Criminal Court. The case was thoroughly and ably discussed by Colonels Shumate and McCutchen, on the part of the State, and Colonels Hanks and Johnson, for the defense. Judge Glenn made a very able charge to the Jury, charging the law of the case extensively and to the satisfaction of the counsel on both sides. The Jury retired and, in about two hours, returned with a verdict of "not guilty."

Yesterday evening, Alexander, a colored man, was way-laid and shot in his field, where he was ploughing, about two miles from Dalton. He died during the night, and our Coroner held an inquest over his body, to-day. He was shot in the body, with three buckshot, and the evidence seemed to point to a neighbor, a man by the name of Coogler, who is now in the custody of the officer, and will have his trial to-morrow. Some trouble had existed between Alexander and Coogler, prior to the shooting, but nothing of a political character. I think both parties are Rads.

I think our community is determined to ferret out the murderer, and bring him to punishment, let it fall upon whom it may.

We are needing rain very much. F.

LAFAYETTE, GA., July 19, 1869.

*Editor Constitution*—Dear Sir: In your valuable paper of the 14th instant, (daily,) I notice a report of a decision of the Supreme Court of this State, Warner dissenting, in which they decide that real estate, against which there was a judgment, transferred in 1862, and levied upon under said judgment in 1867, was discharged from the lien of said judgment, upon the ground that section 3525 of our Code is not classed with, and does not fall under the classification of a statute of limitation. As Judge Underwood, of facetious memory, would say, "*Of course that is the law; their honors have decided the point correctly:* but still I would like to show them what a *fool Howell Cobb, of Houston, was.*" In his "Statutes and Forms," beginning on page 205, extending to 209, we find he lays down what purports to be a statute of limitations passed by the Legislature of this State, March 6th, 1856, to go into operation 1st of June next thereafter, and in 29th section of that act, on page 207, are to be found the following *remarkable* words: "When any person has *bona fide*, and for a valuable consideration, purchased real or personal property, and has been in possession of such real property for four years, and such personal property for two years, it shall be discharged of the lien of any judgment which may exist against the person from whom he purchased."

Now, that was the act in force in December, 1861, when the Legislature passed an act suspending the statute of limitations till the close of the war, and of course was the act, the operation of which it was their intention to suspend, and in what part of the Code, adopted after that, the compilers saw fit to place the 29th section of the above recited act, has nothing to do with the decision of the question. What a pity, when they are determined to decide contrary to law, they can't reason more plausibly; it would be some consolation, at any rate, to see that they were men of sound legal acuteness. IGNORAMUS.

#### Educational Notes—"Earnest" in Tennessee—Railroads and Teachers Institute—What a Teacher Says—Mercer University Again.

Oh, this rich East Tennessee Valley! One leaves tired Atlanta, whose unceasing aspiration is just now suffused with sweat, and strikes out like a spent swimmer for East Tennessee, where he has heard winds, that are not yet siroccos. At Dalton, the East Tennessee and Virginia cars receive him, only at Cleveland to deposit him in those gilded saloons, which one so regrets to leave. We are so unfortunate as to be addicted, etc., and cannot but remark upon the superb smoking carriages. President Calloway puts at the service of his passengers. The cars are crowded, and yet they are not crowded, for there are enough of them. Sex and color group themselves naturally under the deft management of Holloway or Thombs. One is reminded of Vanderbilt and the New York Central. But suddenly we strike a Teachers' Institute, which throws us off the track. A Teachers' Institute! After Georgia, it may be good to glance at Tennessee. Tennessee struggles against a bad system of education.

Georgia's educational method is not yet developed. Tennessee's is developed badly. In Georgia, educational enterprises are, for the most part, individual. In Tennessee, they are massed. A Teachers' Institute, is a gathering of Teachers at some central point, to consider methods of education, and create new ones. Of this Institute in particular, I will remark, that it was in the main a rebuke to the Radical maladministration of school affairs in the State, and an appeal for more generous measures. Let me tell you what a woman says. She teaches not a thousand miles from Knoxville:

"I cannot look forward with much animation or hope. Doubtless, the same round of severe labor and exhaustive duty lies before me; the same small and inadequate remuneration. I must continue to beg for books, and give them away as before, or suffer those disadvantages our rulers have inflicted upon us. How anxiously have I hoped that the promised public funds would be forthcoming. When will it be?"

No one knows. Least of all the two despicable creatures that are literally *running* for Governor.

But of this, by and by. I also made an appeal for that which alone can save a Georgian University from stagnation. In my last letter, it was inadvertently omitted. Will you suffer me to repeat it, as one who loves our Georgia institutions, and would use even the sharpest surgery to save them? This is the burden of what I wished to say.

The location of Mercer University is unfortunate to the last degree, and making greatly against her prosperity. Indeed, I wonder that she has her present patronage. The intrinsic merit of the Institution, and the ability, distinction, and popularity of its officers alone, keep a single student within its walls. That those who have control of such a noble institution as this, should bury it alive in such a place as *Penfield*, is to one inexplicable. Almost any place would be better, certainly none could be worse. Mercer Institution, with her present Faculty, put where the world could find it, would soon become one of the most popular colleges in the South. In its present inaccessible and wretched location, it can never command that large patronage to which its merits fairly entitle it. Let us hear from the Alumni and Regents, soon. "EARNEST."

### DECISIONS —OF THE— SUPREME COURT OF GEORGIA

*Delivered at Atlanta, Tuesday, July 20.*

FURNISHED BY N. J. HAMMOND, SUPREME COURT REPORTER, EXPRESSLY FOR THE CONSTITUTION.

J. A. R. Hanks, administrator, vs. John Phillips. Ejectment, from Murray.

McCAY, J.

1. In an issue formed to try the genuineness of a recorded deed, proposed to be used as evidence, and affidavit is made that it is a forgery, under section 2680 of the Code, the burden of proof is upon the party asserting the genuineness of the deed, and the fact that the deed is recorded does not furnish any evidence, or change the *onus*.

2. Recitals in a private deed only bind parties and privies, and those claiming under it.

3. If evidence of title is permitted to go to the Jury, without objection to the proof of execution of the paper, it is too late, after verdict, to make the objection.

4. If one have written evidence of title to a tract of land, and by his tenant, take actual possession, and afterwards sell, by written agreement, an undivided half to the tenant, who continues, for some years, in possession in his own right as to the undivided half and as tenant to his vendor, for the other undivided half, this is an adverse possession under written evidence of title to the whole lot, as to third persons.

D. A. Walker, for plaintiff in error.

W. Luffman, W. H. Dabney, R. J. McCamy, for defendants in error.

C. H. Chandler, vs. M. J. Johnson, *et. al.* Assumpsit, from Fulton.

McCAY, J.

1. On the trial of an issue whether a promissory note sued on, is illegal, because given for the compounding of a felony, it is not necessary that the defendant shall prove that the party charged, was actually guilty of the felony; it is sufficient if there be an act done, of which he is charged to be guilty, which is *prima facie* felony.

2. An offense which may, in the discretion of the Court, be punished by confinement in the Penitentiary, is so far a felony, that the compounding of it is illegal.

3. Although, one may legally take a promissory note as compensation for a personal injury, yet, if the injury was a crime, such as by our law, the parties cannot settle between themselves, and if there be any attempt by giving of the note to suppress a prosecution for the offense, it vitiates the whole agreement, even though the note be for less than the actual damages received.

Hammond & Mynatt, for plaintiff in error.

L. E. Bleckley, for defendants in error.

Steward & Colclough vs. Elijah Dobbs, *et al.* Garnishment, from Carroll.

McCAY, J.

When a garnishment has been dissolved by the defendant giving security, as provided in the Code, and the security is or becomes insolvent, the plaintiff may garnishee again.

2. Under section 3027 of the Code of Georgia, it is the duty of a Court, when it has jurisdiction of a right, and no specific remedy is afforded by express law, so to mould its processes and proceedings as to afford relief to the party having the right.

Judgment reversed.

Merrills for plaintiffs in error.

Hugh Buchanan for defendants in error.

TURNER.—The following from the Washington correspondence of the Baltimore Gazette, of the 18th, will be found interesting:

It is reported, to-day, that before the President left Washington, he issued peremptory orders to Creswell to remove the negro Postmaster at Macon, who now stands charged with uttering counterfeit money. I am promised an insight into the means employed to keep this negro thief in the responsible office he yet holds. If I am correctly informed, the facts will not redound to the credit of the Postmaster General. X.

☞ The Elko Independent is responsible for the following: "Secretary Seward, who passed through on the cars, a few days ago, was very plainly attired. During his brief stay in Elko, he was pointed out to a teamster, whose experience, on several occasions, with the 'tiger,' had taught him the necessity and importance of having a good suit of clothes to fall back on, for the purpose of getting a 'stake' when a fellow had met with reverses in 'bucking' and was 'dead broke.' He gazed upon the statesman a moment, then turning to his companions, exclaimed: 'That's Seward, eh! Well, he may be a great man, but darn me, if he was to get 'busted,' he couldn't make much of a raise on his clothes.'"

☞ An old lady, on being examined before a magistrate as to her place of legal settlement, was asked what reason she had for supposing her husband had a legal settlement in that town. The old lady said: He was born and married there, and they buried him there, and if that isn't settling him there, I don't know what is."

### DISTRICT COLUMBIA.

WASHINGTON, July 21.—Customs receipts nearly half a million.

Commissioner Delano has returned.

The Boston post-office is to be built of granite.

Louisiana Supervisor, Conklin, is in this city.

Wade says the Virginia result will affect unfavorably the Northern elections.

Robeson and party on board the Tallapoosa, will inspect the navy yards along the Atlantic coast.

All the Cabinet are absent except Hoar, Boutwell, and Cox.

Minnie Gaines, the murderess, has been sent to the Insane Asylum, by order of the Secretary of the Interior.

Creswell has returned.

Peabody and Corcoran visit the White Sulphur Springs, to-morrow.

The Revenue Department decides that smoking tobacco can not be retailed from pound packages, unless packed in wooden boxes and stamped.

Efforts are afloat to remove General Gordon Adams, Attorney for Mississippi. It is understood that Commander Ames desires his removal. The charges against Adams are political.

The Enquirer of Philadelphia says: Recently a bark left Baltimore with 24,000 stand of arms, 170,000 rounds of ammunition for Cuba. She got off without trouble, professing to be loaded with hay, and reached her destination successfully. It is understood another vessel is likely to sail soon, for some port, similarly freighted.

### LOUISIANA.

NEW ORLEANS, July 21.—The first case and death from yellow fever this season occurred yesterday. The victim was a young Frenchman who had just arrived from France, stopping a few hours in Havana and quarantined eight days here.

### VIRGINIA.

RICHMOND, July 21.—At the White Sulphur Springs, West Virginia, the corn crop will be considerably shortened by the drought in that section. James Carter, colored, was arrested, to-day, for robbing the mail intended for this watering place. There are from fifty to one hundred arrivals here, daily. Thermometer, this afternoon, 56.

The official returns show that the vote for Walker fell 26,000 short of the white registration, and that for Wells, 18,000 short of the colored registration. The objectionable clauses in the Constitution were defeated by forty thousand majority.

There seems to have been entirely a new deal in politics, as only six members of the Legislature have ever been there before.

Thomas R. Bowden, State Attorney General, resigned to-day.

### SPAIN.

MADRID, July 21.—There is much excitement throughout Spain. Many arrests have been made in Valladolia, Barcelona, and Cardovia, of parties believed to be fermenting an insurrection, including several generals and colonels. The authorities are taking great precautions to prevent outbreaks. The French government has ordered all conspirators from the frontier. A deep plot for the assassination of Serrano, Prim, and Revara has been discovered here. A sharp fight took place at Cirredad between the civic authorities and a band of insurrectionists. Nine insurrectionists and several troops were wounded, when the insurrectionists retired. The leaders escaped.

### ENGLAND.

LONDON, July 21.—The British ship Zard Sidmouth from Quebec, June 25th, bound for Glasgow, encountered heavy gales, sprung a leak and was abandoned. The crew was saved.

SAVANNAH, July 21.—Arrived—America, from Baltimore; San Salvador, from New York; Tonawanda, from Philadelphia. Cleared—bark Dirego; for Jacksonville.

### Marriage Extraordinary.

On Tuesday, by the Rev. Thomas S. Hastings, Mr. Julian Botts to Miss Harriet Bishop.

We thought the horses' ailments
Fell not to human lots;
The Church is not exempt, it seems—
A Bishop's got the Botts.

On the 1st instant, the Rev. Thomas D. Bell to Miss Harriet Bare.

He once was deemed a bold man that
In Scotland dared to "bell the cat."
But now-a-days e'en churchmen dare
Far greater feats, and bell the bare!
Which merits most renown? pray tell;
He bells the bear—she bears the bell.

On Wednesday, Mr. William Neil to Miss Jane Tier.

A sad event we rather fear,
She turned to kneel, and dropped a tear.

On Monday, by the Rev. Seals, Henry W. Wright to Miss Orila Buck.

The parson seals their fate—'tis very clear
She's right for once—the buck has got its dear.

Last week, Mr. John Cobb to Miss Kate Webb.

A gruff old fool, who now sits just beside us,
Says in our ear, "Look out for little spiders."

On the 4th ult., Dr. Thomas Lamb to Miss Matilda Lyon.

Millennial advocates may sound
Their Gabrielic horns;
The end of time, the reign of peace,
This simple notice warns.

For lo! the lion lieth down
Together with the lamb;
And soon, perhaps, a little child
Shall lead them by the hand.

On the 9th instant, Thomas Steed, Esq., to Miss Sarah E. Curry.

Said Brown, "Tom Steed's so very small,
I fear he will be furried."
"Oh, no," said Jones, "a steed's a horse,
And a short one is soon curried."

On the 14th, Mr. Joseph Turn to Miss Mary Turn.

"Let's hope they were good children both,
And honored well their loving mother;
We can't complain in such event,
For 'one good turn deserves another.'"

On the 1st, Mr. William Moore to Miss Maria Moor.

The happiness they will enjoy
Is great beyond degree—
But when they have a little "more,"
O, won't it greater be?

On the 29th ult., Mr. William Williams to Miss Lizzie Williams, both of Williams-town.

"For further particulars see small bills."
[*Native Virginian.*

HON. A. H. STEPHENS.—We regret to learn, through private letters, that this distinguished Georgian does not recover rapidly. He has not been out of the house since February, and at these instances was carried out with difficulty, because of the great pain which the effort occasioned him. The second volume of his great work continues to receive daily attention to the extent of his strength, necessarily, however, from physical weakness, progressing slowly.—*Chronicle and Sentinel.*

### Curiosities of Show Life.

Hicks and Height's, Georgia Minstrels, play a short engagement at the Canterbury, Washington, commencing on the 12th inst. They advertise "Colored persons admitted to all parts of the house," which is something of a novelty for Washington.

Traveling shows have had rather rough work to stem the hard times and harder weather that seems to have met them in the western country, and all sorts of dodges are resorted to in order to get in expenses. Sometimes, when the title of a concern, or a manager's name has lost its *prestige*, the title of some more fortunate concern is made use of, or the name of a proprietor of note is adopted.

One of Forepaugh's lionesses gave birth to three cubs, while the show was at Milwaukee on June 25th.

Charles Villers, wench impersonator, advertises that he can be engaged.

FATAL ACCIDENT TO TIGHT ROPE DANCERS.—The gymnast, Bierman, was performing at Berlin, a few days ago, with his pupil, Kolbe, a lad of sixteen, on the tight rope, at a great height from the ground. Suddenly the cord broke under their united weight, and they fell to the ground. The younger was killed on the spot, and the other so much injured that he died the next day.

A company of Chinese athletes astonished the people of San Francisco, Cal., recently, with an exhibition of their agility. About fifteen of them appeared on the stage amid the din and clangor of gongs and kettle-drums. They first fought a sham battle with swords, cleavers, pole-axes, lances and short knives. The fencing was very rapid, and each fighter was an expert. Still one warrior stood against a host. He disarmed his antagonists as fast as they came up, buried them about the stage, stabbed them, hewed them with broad-axes, hacked them with swords, butted them with his head, kicked them in the breast with both feet at once, and yet found time to execute hand-springs and vaulting somersaults among them as he fought. At last he vanquished all his foes, and the half naked rascals took to flight. He pursued. Some rough tables were ranged along the front of the stage to represent hedges, rocks, logs and banks, which must obstruct pursued and pursuer alike. The runners vaulted the tables, turning lofty somersaults over each, and landing indifferently on their feet, hands, heads or backs, as the case might be, and that too on a hard stage, covered only with a few strips of matting. The victorious fighter, a splendid acrobat, was always after them. Several times one of his foes would turn and face him, when he would bound high in the air, and, plunging down, plant both feet in the breast of his adversary with such force, as to send him headlong across the stage.

THE DAILY CONSTITUTION.

ATLANTA, GEORGIA::::::::JULY 22.

## Supreme Court—Evening Session.

Reported Expressly for The Constitution.

WEDNESDAY, July 21, 1869.

Argument was resumed and concluded in Center & Treadwell plaintiffs in error vs. L. H. Davis defendant in error.

J. M. Calhoun & Son for plaintiffs in error.

D. F. Hammond for defendant in error.

Argument was opened in No. 1, Flint Circuit. Ellen B. Dicken plaintiff in error vs. H. T. Dicken defendant in error. Contest as to alimony from Spalding.

Boynton & Dismuke for plaintiff in error.

D. J. Bailey for defendant in error.

Pending the argument of Col. Bailey court adjourned until 10 o'clock A. M. tomorrow.

EXCURSION TICKETS.—After to-day, the Western and Atlantic Railroad will sell excursion tickets to Lookout Mountain and return for one fare.

IN TOWN.—Col. D. W. Lewis, Secretary of the State Agricultural Society, is in town.

REMOVED.—The office of Judge Lawson Black, Register in Bankruptcy, will be removed to the office of A. B. Culberson, Esq., on Alabama street, in a few days. Judge Black will be absent from the city about ten days.

RETURNED.—Judge O. A. Lochrane, returned from Macon yesterday.

IMPORTANT BANKRUPT CASE.—On Monday, the petition of Baskerville, Sherman & Co., of New York, Short & Martin, of New Orleans, Thomas Emery's Sons, of Cincinnati, W. Numsen & Sons, of Baltimore, and Peyton H. Snook, of Atlanta, was filed in the United States District Court, by G. Hillyer, Attorney for creditors, for the involuntary bankruptcy of Messrs. Zimmerman & Verdery. The case will come up on Tuesday for a hearing.

THE "OUTRAGE" COMMITTEE.—The last Legislature passed a resolution to appoint a joint committee "to visit sections where disorders are reported, and report to this General Assembly what proceedings should be instituted." If we mistake not, Price, of Lumpkin; Lee, of Newton; Hungerford, of Hepsidam; McArthur; of Montgomery; and Welch, of Michigan; were among those appointed. As there are no disorders reported in Atlanta, we trust the committee will visit in person, sections where disorders are said to exist, and see for themselves. Let it investigate fully, and make a fair and ample report.

THE PROBE.—The Probe is an excellent periodical, issued quarterly, at Media, Penn., by Joseph Parrish, at $1 per annum. It is devoted to the discussion of the use of stimulants and narcotics, the social evils resulting therefrom, and methods of reform and cure.

ANOTHER COTTON FACTORY.—James King, Esq., son of Barrington King, who has spent some time in New Jersey, as a manufacturer of cotton goods, proposes to subscribe $50,000 in machinery, and $5,000 in money, if our citizens will raise $50,000, or $100,000 additional, to put up a cotton factory here. Other cities are offering inducements to him to locate there. Can not the citizens of Atlanta secure his experience and the benefit of his machinery?

REV. W. T. BRANTLY.—A correspondent of the Augusta Chronicle and Sentinel, in writing of the commencement exercises at Penfield, says:

At the conclusion of the speeches, the Sophomore class filed before the rostrum to hear the award of prizes. Rev. W. T. Brantly, D. D., in one of his happiest extemporaneous efforts, then unfolded to them the characteristics of the orator, as being partly born and partly manufactured—the highest gifts innate, but much that is necessary to respectable success, communicable by diligent training. By the direction of the Committee of Award, he then delivered the first prize to Mr. Ker B. Tupper, of Wilkes county, and the second to Mr. John J. Brantly, Jr., of Penfield—consoling the disappointed contestants with the thought, that if the committee had consisted of *wiser* men, the award might have been different.

COURT OF BANKRUPTCY.—On Tuesday, in the United States Court, sitting as a Court in Bankruptcy, Judge J. Erskine, delivered the following opinion:

*In re*—Mary Witham—In bankruptcy.

The facts are briefly as follows:

On the 3d of April 1868, Baldwin & Co., advanced in behalf of the bankrupt, and in payment for the house and lot in LaGrange, Ga., included in her schedule, and out of which she claims exemption, one thousand dollars, and at the same time and place, she and her trustee, John D. Witham, executed a sealed instrument acknowledging the same and to further secure the payment thereof, they then and there, executed a mortgage, executing a note for one thousand dollars, and stating in it, and the mortgage, the language following: "and for the payment of this note, we hereby mortgage the house and lot on which we now live, in the town of LaGrange, Troup county, known heretofore as the Durand lot, this note being for the balance of the purchase money advanced by Baldwin & Co., in our behalf for said lot." Afterwards at May term 1869, of Troup county Superior Court, said Baldwin & Co., filed their rule *nisi* to foreclose said mortgage, and afterwards by due process of law, in said Court, at the November term 1869, said mortgage was foreclosed and judgment granted in behalf of Baldwin & Co., against said mortgaged premises.

The execution on this judgmnet went into the hands of Waters B. Jones, Sheriff of Troup county, against whom a rule was afterwards taken, and he was required to pay the money, and did pay the money under an order subrogating him to all the rights of Baldwin & Co., to the full amount proven in the debt submitted.

The question submitted is, which shall prevail, the equities of Baldwin & Co., for the use of Waters B. Jones, Sheriff, or the claim of exemption set up by Mary Witham?

Erskine, J. In giving its decision, the Court will be guided by the foregoing statement of facts. It was contended on the part of Baldwin & Co., for the use of Jones, the Sheriff, that this is a case of a vendor's equitable lien for unpaid purchase money. This Court has repeatedly ruled that where the vendor's equity is established, the bankrupt is not entitled to have any of the land upon which such lien exists exempted under the provisions of the bankrupt law of March 2, 1867, and also, that the same rule prevails, if the land is saved by order of the Bankrupt Court, for distribution or other purposes—the bankrupt is excluded from any of the proceeds arising from the sale. So long as the purchase money remains unpaid, the vendee and all who purchase of the vendee, with notice of the lien, are trustees for the vendor, unless he has by some act waived his lien.

But in the opinion of the Court, the vendor's lein is not involved in the matter under consideration. When the bankrupt, Mary A. Witham, by her trustee, purchased the house and lot in LaGrange, Baldwin & Co., were not the owners of the land, nor does any part of the record show them to have been the owners, or that they ever claimed any title or interest, whatever, in the land. Neither were they the vendors. The relation of vendor and vendee has never existed between Mary Witham, the bankrupt, or her trustee, and Baldwin & Co.

True, Baldwin & Co., advanced, on behalf of the bankrupt, on the 3d of April, 1868, one thousand dollars, to go in discharge of the purchase money due, and the trustee of the bankrupt gave a note, also executed a mortgage on the house and lot to secure the payment of the note. The transaction was a loan of money from Baldwin & Co., to the bankrupt, and nothing more. And the mortgage of the property to Baldwin & Co. was, under the laws of Georgia, a mere security for the debt—the title remaining in the mortgagor till foreclosure and sale.

The bankrupt is entitled to the exemption which she claims. Let the property be sold by the assignee, under the provisions of the law, and the rules governing sales of estates of bankrupts. If, however, no greater sum than five hundred dollars can be obtained for the property, it is not to be sold, but the fact is to be reported to the Court.

B. H. Bingham, for creditor.

Speer and Speer, for bankrupt.

IMPORTANT DISCOVERY.—Galileo invented the telescope; Columbus discovered a new world, and to Professor Morse is due the credit of teaching the lightning how to talk, but it was reserved to Dr. J. Bradfield to penetrate the mystic depths of science, and drag therefrom the wonder of our century. The victory has been won, and woman is free.

The sale of Dr. J. Bradfield's Female Regulator is unprecedented in the history of popular remedies, and thousands of certificates are coming in from grateful women, throughout the Union, attesting its powers and applauding its untold benefits to their sex. dtf

☞ The rapidity with which Plantation Bitters have become a household necessity throughout the civilized nations, is without a parallel in the history of the world. Over five million bottles were sold in twelve months, and the demand is daily increasing. Rich and poor, young and old, ladies, physicians and clergymen, find that it revives drooping spirits, lends strength to the system, vigor to the mind, and is exhausted nature's great restorer. It is compounded of the choicest roots and herbs, the celebrated Calisaya or Peruvian Bark, etc., all preserved in pure St. Croix Rum. It is sold by all respectable dealers in every town, parish, village and hamlet through North and South America, Europe, and all the Islands of the Ocean.

MAGNOLIA WATER.—Superior to the best imported Cologne, and sold at half the price. july15-deod1w&w1t

"FRESH AS A MAIDEN'S BLUSH," is the pure peachy complexion which follows the use of Hagan's Magnolia Balm. It is the True Secret of Beauty. Fashionable Ladies in Society understand this.

The Magnolia Balm changes the rustic Country Girl into a City Belle more rapidly than any other one thing.

Redness, Sunburn, Tan, Freckles, Blotches, and all effects of the Summer Sun, disappear where it is used. And a genial, cultivated, fresh expression is obtained which rivals the Bloom of Youth. Beauty is possible to all who will invest 75 cents at any respectable store, and insist on getting the Magnolia Balm.

A young man, named Joseph Wagner, living in Charleston, West Virginia, professed to have the power to charm snakes. On Thursday, July 1st, having captured a rattlesnake, he was giving some friends an exhibition of this power. After fondling the snake for a time, in his arms, he threw it on the ground and switched it until it writhed with rage. He then took the reptile up in his arms again, and saying, "Are you mad? Kiss me and make up," put its head in his mouth. The snake bit his tongue and he died in about one hour afterward. In fifteen minutes after being bitten, his skin assumed the spotted color of the snake.

### MUTUAL FIRE AND LIFE Insurance Company,

MACON, GA.

Authorized Capital::::$500,000!

Certificate of authority issued by the Comptroller General, under Act of March 19, 1869, requiring one hundred thousand dollars capital.

COL. W. J. LAWTON, President, J. C. McBURNEY, Vice Pres't,
R. J. LIGHTFOOT, Secretary.

This Company is now prepared to issue all classes of Policies. In the Life Department it offers more liberal terms than any other company in this country.

It asks particular attention to the following prominent features:

1. It is a Home Company—a Southern Company, owned and managed by as able financiers as our State can produce.

2. All its policies are non-forfeiting, and so long as one dollar of premiums or dividends remain in the hands of the Company unearned, so long is the policy kept alive.

3. Its policies are incontestible, except for fraud.

4. Its policies contain no restrictions of either travel or occupation, and world-wide in its fullest sense.

5. As low a rate of premium as a due regard to safety will permit, and will compare with any other Mutual Company.

6. Thirty days grace allowed upon payment of renewal premiums, and the policy held good for that time.

7. One-half the premium remains a permanent loan on the policy, at legal interest, which loan it is confidently expected will be extinguished by dividends.

8. It is a Mutual Company; all the profits equitably divided among its policy holders.

9. Dividends declared annually, upon the contribution plan.

10. Females insured at same rates as males.

Feeling assured that the above features must commend this Company to the favorable consideration of the public, we respectfully ask an investigation of its merits, by those contemplating insurance, satisfied that we offer greater inducements than any other Company now extant.

Able Solicitors and local Agents wanted all over the country. Address,

## LAND FOR SALE.

THE subscriber offers for sale 3,000 acres of land, known as the Tennille Farm. This fine cotton farm lies near the centre of the 4th district of Calhoun county, within a short distance of the survey for the Bainbridge, Cuthbert and Columbus Railroad, 20 miles south of Cuthbert. The lands are first quality, oak and hickory, except two lots, which are first quality pine. None of the pine lands are cleared, but well timbered. There are 1,000 acres cleared and in a high state of cultivation. This farm is well watered, having branches in every field, which abound in cane sufficient to winter 200 head of cattle. Two settlements on the farm. Improvements fair. Price reasonable. Terms easy. Titles to every lot indisputable. I live near the farm, and will take pleasure in showing the farm, or answer any questions by letter.

## L. H. BRADFIELD'S COLUMN.

### DR. J. BRADFIELD'S FEMALE REGULATOR, Woman's Best Friend

THIS valuable Medicine is prepared for WOMEN exclusively, and to be used by WOMEN only. It is adapted especially to those cases where the WOMB is disordered, and will cure any irregularity in the "menses," except in such cases as require a surgical operation. As these last are very rare, the FEMALE REGULATOR is of almost universal application. In a sudden check of the "monthly courses" from COLD, trouble of mind or like cause, it acts like a charm, by RESTORING THE DISCHARGE IN EVERY INSTANCE, thus relieving the fever, headache, pain in the small of the back and "lower stomach," flushes of heat about the face, chilly sensations, burning of the eyelids and general restlessness. Taken in time, all these symptoms pass away immediately, without injury to the constitution. Frequently, however, the proper remedy is not applied in time, the disease becomes chronic, and the foundation laid for numberless evils to the constitution of the woman. The next "turn" comes around and there is no "show," or perhaps the "whites" will appear. There will be some uneasiness about the womb, but very little or none of the natural fluid escaping. The complexion becomes sallow, bowels, swollen, a sort of greenish caste about the face, constant dull aching pains in the head, weight in the lower stomach and back, with or without whites, palpitations of the heart, pallor, exhaustion, indigestion, weariness, langour, aching across the loins, loss of appetite, pain in left breast, tightness across the chest, cough and giddiness. If still allowed to go on, "green sickness" will be fully developed—the headache becomes severe, with loss of memory, diminishing sensibility, SICK STOMACH, dyspepsia no relish for food, loss of flesh, increased fluttering of the heart SWELLING OF THE FEET, legs and body and occasional spitting of blood. The slightest effort causes HURRIED BREATHING, almost SUFFOCATION. The skin is flabby and a "doughy feel." This is a sad picture, but it is the condition of thousands of women between the ages of 15 and 45, who are brought to the verge of the grave by ignorance or neglect to take the proper remedy. To all who are afflicted with any of the symptoms above mentioned, in connection with an irregularity of the "monthly sickness," we earnestly say TAKE DR. J. BRADFIELD'S FEMALE REGULATOR. A few ounces taken, you will at once experience its benefits, and with a little patience you will be fully restored to health.

This remedy has been extensively used for upwards of twenty years by many of the most experienced and successful Physicians of Georgia.

We repeat, that Dr. J. BRADFIELD'S FEMALE REGULATOR is prepared for WOMEN and to be used by Women only.

A trial is all we ask.

ATLANTA, Ga., December 28th, 1868.

Dr. J. BRADFIELD—Dear Sir: I take pleasure in stating that some time previous to the late war, I used, with the utmost success, on a servant girl, your FEMALE REGULATOR, prepared then at Bradfield's Drug Store, West Point, Ga. She had been suffering severely from suppressed menstruation, and this Medicine soon restored her to health. She is, to-day, living in Atlanta, sound and well.

I will state, further, that I know of its being used, with equal success, on a servant girl of my brother-in law, Professor Rutherford, of Athens, Ga. This woman had, I think, been diseased for six years. She was a house servant, and seemed cured, up to the time of "freedom." I do not hesitate to indorse your preparation for the purposes for which you recommend it.

Yours truly, JNO. C. WHITNER.

STATE OF GEORGIA, TROUP COUNTY.

This is to certify that I have examined the recipe of Dr. Joseph Bradfield, of this county, and, as a medical man, pronounce it to be a combination of Medicines of great merit in the treatment of all the diseases of females for which he recommends it. WM. P. BEASLEY, M. D.

This December 21st, 1868.

MOUNTVILLE, 1868.

DR. J. BRADFIELD—Dear Sir: I have much pleasure in saying I have witnessed the most decided and happy effects of your Female Regulator in this neighborhood. WM. H. FINCHEN.

MOUNTVILLE, 1868.

Dr. J. BRADFIELD—Dear Sir: I have repeatedly used, in my family, your Female Regulator, and have, in every case, met with complete success. G. L. DAVIS

THE excellent Remedies of O. S. Prophitt, M. As the majority of persons living in the South are predisposed to disease of the Liver, it is granted by all intelligent physicians that most of the pains and aches of our people are due to organic or functional derangement of that important organ. Prophitt's Liver Medicine and Anti-Bilious Pills strike directly at the root of the evil. They cure the Liver which, in nine cases out of ten, is at the bottom of the Coughs, Dyspepsia, Colic, Sick Headache, Rheumatism, Constipation, Menstrual Obstructions, etc., so common among our people. # THE DAILY CONSTITUTION.

ATLANTA, GEORGIA::::::::JULY 21.

## The Wants of Womankind.

When young in years their wants are great—
Dolls and sugar, cakes and toys,
But at that time their chiefest want
Is just to make a deafening noise.

Their next want is a frock that's long,
When first they glance cross-eyed at toys;
They then their dolls in the corner throw,
And smash to flinders all their toys!

With dresses now looped up before,
They wish that they were only tall,
That they might look o'er little boys,
And wearing a smashin' waterfall!

When all these things have been obtained,
They lace themselves as tight's they can,
And then look out for their greatest want—
A dashing, jovial, "nice young man."

A husband won, fine clothes come next,
And then she'll be a lady.
As months roll round, she then desires
A "darlin' yittle baby!"

And if this little babe's a boy,
They wish his "yittle hair would curl;"
And just to keep him company,
They wish they had a "yittle girl."

This "yittle girl" at last appears—
The mother with its curls doth toy,
And still her heart is not content—
She wants another "yittle boy!"

## City and Suburban Affairs.

### Supreme Court—Morning Session.

Reported Expressly for The Constitution.]

WEDNESDAY, July 21, 1869.

Argument was resumed and concluded in Brown vs. Crawley, from DeKalb.

Hill & Candler for plaintiff in error, and Wm. Ezzard for defendant in error.

The court then called the last case on the Atlanta Circuit. L. H. Davis vs. Center & Treadwell from Fulton.

Calhoun & Son for plaintiff in error. Hammond, Mynatt & Wellborn for defendant in error.

At the conclusion of the opening argument by W. S. Calhoun, Esq., court adjourned until 3 P. M.

IN TOWN.—'Squire W. L. Born, of Lithonia, and B. F. Veal, Esq., of Stone Mountain, both sterling men and practical farmers, were in the city this morning.

ON DIT.—We learn that it is contemplated by the Ladies' Memorial Association, at an early date, to give a promenade concert, for the benefit of the Confederate Fund. The terms of admission will be 50 cents. We wish it success.

A KNOCK DOWN ARGUMENT.—At a Notary Public's Court, yesterday, we learn that two attorneys got into a heated debate, and one of them used forcible and knock down arguments on the other. They joined issue, but at the conclusion the Judge severed them.

A SUDDEN DESCENT.—We learn that yesterday, while a mule was ploughing, at Dr. Fitzgerald's, near the old Rolling Mill, the mule suddenly disappeared from sight in an old well. The entrance was covered with rubbish which gave way beneath the weight of the mule. The well was about twenty feet deep, and had several feet of water in it at the time. The mule was hauled out by means of ropes, unhurt, and immediately hitched up in the plow.

BEER AND BEAUTY.—We learn from a brother "Local," who was present, that a crowd of gentlemen, himself included, last night, visited the Marietta bar-room, where female waiters tend on customers. Among the number, were, we are informed, the Judge of a South-Western Circuit, an Americus lawyer, an Ordinary and several other males. We promised not to tell on them, and we won't!

FULTON SUPERIOR COURT.—Judge D. B. Harrell, presided in Fulton Superior Court this morning, and passed sentence on several parties. Dr. W. F. Westmoreland plead guilty to assault and battery and was fined $150 and costs. A negro who plead guilty to being accessory before the fact to larceny from the person was fined $20 and costs. There were extenuating circumstances in his case which caused the Court to impose a light fine. The Court was then adjourned until the regular term.

LITHONIA AGRICULTURAL SOCIETY.—At the meeting of the above Society on Saturday last, we learn that the premium for the best acre of wheat, was awarded to Judge Simeon Smith; for the second best, to G. W. Minor; for the third best, to N. M. Reed; for the fourth best, to D. Anderson. The yield, per acre, we did not ascertain. Will the Secretary furnish us with the yield, variety of wheat, manner of preparation, time of sowing and cutting, etc. R. M. Herndon, Esq., of Decatur delivered an entertaining and instructive address. Rev. W. D. Adkinson, also made encouraging remarks.

WHAT A FARCE.—We reported this morning the trial of a negro named Isaiah Harris, for stealing wine and other articles from Mr. Thompson's cafe. We announced that Judge Smith sentenced him to six months' work in the chain-gang, and such was the sentence. But Harris was seen late in the evening near Gov. Bullock's residence, at perfect liberty. We are informed that one of the counsel for Harris stated that a colored friend of Harris had paid $75, and got him out. Who received the money? Harris, while in the employ of Thompson, with the aid of false keys, entered the store-room of Mr. Thompson and abstracted the wine. He has the false keys yet. What protection to property is there when sentences may be overridden and crime compounded?

☞ The "leg" on the stage is disappearing in New York. The World says: "Helen, of Troy, with her golden hair, is become 'parcel and portion of the dreadful past.' Miss Olive Logan and the Rev. Crook Smith may rejoice over the disappearance of all the beauty unadorned, which has for now many months past, adorned our metropolitan stage. The little life of the imported blondes will now 'be rounded with a sleep.'"

☞ The Norwich Bulletin says: A short time ago, the Bulletin copied an amusing little article, giving directions for the easy kissing of pretty women in the cars, during the passage of tunnels. Yesterday a paper was returned to us through the mail, with the article in question marked, and under it the disconsolate comment: "Won't work! I've tried it twice.

☞ A young German merchant of Boston, lately asked a young lady in Austria a very interesting qeustion, and received the "happy yes" by the Atlantic cable. A Vienna paper, in chronicling the fact, says: "Perhaps the bride and bridegroom may exchange in the same way their first kisses, which would be electrifying indeed."

☞ Southerners have always been partial to Canadian watering places, and are now arriving in large numbers. Quebec is perhaps the special favorite. The crowds by steamer to Montreal are very great, and the array of extravagant toilettes are not excelled on the continent.

☞ Mr. and Mrs. Florence are at present in Paris, and purpose being home about the middle of August. During their absence they have traveled through portions of Ireland, England, Belgium, Holland, Switzerland, France, etc., securing an abundance of information, a renewed lease of life and three capital pieces.

☞ Madame Alboni gets 3,000 francs per night for singing; Miss Kellogg has received $500, and Madame Parepa-Rosa has realized over $1,000 for many nights in succession.

A BEAUTIFUL COMPLEXION.—DR. TUTT'S SARSAPARILLA and QUEEN'S DELIGHT, The GREAT BLOOD PURIFIER, expels all humours from the system; it acts directly on the Depuratory organs; the skin is one of the most important of these organs; and by the use of this invaluable medicine it is cleansed and rendered soft, fair and healthy. Try it.

SIMMONS' LIVER REGULATOR OR Medicine for Dyspepsia, Head ache Jaundice, Costiveness, Camp Dysentery, Sick Headache, Chronic Diarrhoea, Affections of the Bladder and Kidneys, Fever, Nervousness, chills, Diseases of the Skin, Impurity of the Blood, Melancholy or Depression of Spirits

Most of the ailments here enumerated have their origin in a diseased liver, which is the most prevalent affection in this country, and as in many cases the patient is not within the reach of a physician it requires that some remedy should be provided that would not in the least impair the constitution, and yet be active and safe. That such is the character of the SIMMONS REGULATOR there can be no doubt, which the testimony of hundreds will establish.

SYMPTOMS OF A DISEASED

LIVER.

Pain in the side. Sometimes the pain is felt under the shoulder blade is mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness, bowels in general are costive, sometimes alternating with lax; the head is troubled with pain, accompanied with a dull, heavy sensation. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred when few of them existed, yet examination of the body after death has shown the Liver to have been extensively deranged.

It should be used by all persons, old and young, whenever any of the foregoing symptoms appear. It is a purely vegetable compound, is not injurious to the most delicate constitutions, and will keep the liver in healthy action if used properly.

Persons living in unhealthy localities may avoid all bilious attacks by taking a dose occasionally to keep the liver in healthy action.

Regulator

For children complaining of colic, headache, or sick stomach a teaspoonful or more will give relief. Children, as well as adults, eat sometimes too much supper, or eat something which does not digest well, producing sour stomach, heart-burn, or restlessness; a good dose will give relief. This applies to persons of all ages.

Many persons, from eating too much, are restless at night, or in day time fidgety, wool-gathering, can't understand what they read, can't keep their thoughts on any one subject so as to reason well, or become fretful. One or two tablespoonful will give relief.

*Jaundice.*—Take enough Regulator after eating each meal to produce one full action from the bowels every day.

Pregnant ladies will find sure relief from their headache, costiveness, swimming in the head, colic, sour stomach, restlessness, etc., etc.

DR. HUNTER

CONTINUES to treat all private diseases, Syphilis in all its forms, Gonorrhea, Gleet, Stricture, Orchitis, and all urinary diseases, and the effects of mercury are completely eradicated; Spermatorrhea or Seminal Weakness, resulting from self-abuse or other causes, and which produces some of the following effects: as blotches, bodily weakness, indigestion, constipation, aversion to society, unmanliness, dread of future events, loss of memory, indolence, nocturnal emissions, and finally prostration of the vital powers, can be fully restored to health. Persons afflicted with this, or any other delicate, intricate, or long standing constitutional complaint, should give the Doctor a trial. He never fails.

The Doctor publishes a medical circular that gives a full exposition of venereal and private diseases, that can be had free at his office, or by mail for one stamp. It gives a clear delineation of all the diseases and conditions resulting from the infringement of the moral laws, excesses, indulgences, exposures and imprudences in married or single life. Every sentence contains instruction to the afflicted, and enabling them to determine the precise nature of their complaints.

The establishment, comprising ten ample rooms, is central. When it is not convenient to visit the city, the Doctor's opinion can be obtained by giving a written statement of the case, and medicines can be forwarded by mail or express. In some instances, however, a personal examination is absolutely necessary, while in others, daily personal attention is required, and for the accommodation of such patients there are apartments connected with the office that are provided with every requisite that is calculated to promote recovery, including medicated vapor baths. All prescriptions are prepared in the Doctor's own Laboratory, under his personal supervision. Medical pamphlets at office free or by mail for two stamps. No matter who have failed, read what he says. Office No. 183 Third street, between Green and Walnut streets, near the Postoffice, Louisville. Office hours, 8 A. M., to 7 P. M.; Sundays, 10 A.
